

How much is the cost of airline ticket?

The cost of a round trip ticket varies according to time of year, class of travel and airline. We suggest you look at your national airline as a start. Then you may want to check out some budget airlines. As a general rule, the earlier you book your flight the better rate you might get.

Finally please don't forget your travel agent. Some travel agents can give you a very good package deal that includes airline and hotel.

Please note that the airfare is not included in the registration fee.
